

PLANK ROAD Land Use Study

Draft Vision Statement

All successful plans include a vision for the future. The vision drives the plan by clearly describing the success the community is seeking to achieve. The Vision Statement expresses many ideas and concepts that cannot be shown on plan maps or depicted in other graphics. It provides a focus - a purpose and common pursuit - for implementation progress.

In 2030, the Plank Road Study Area is a predominately residential area that offers mature trees, sizable lots, and ample park spaces. Residents take great pride in their neighborhood and enjoy easy access to commercial uses along Ogden Avenue and downtown Naperville. Bicycle, pedestrian and vehicle traffic flows smoothly through the area with connections to Ogden Avenue and the Naperville Metra Station. Through careful land planning, transitional uses have established in limited areas immediately south of Ogden Avenue along Naper Boulevard. These uses effectively buffer outlying single-family residential neighborhoods from intensive commercial activity along Ogden Avenue. As a result, the character of the corridor is maintained, while allowing growth and development to occur.
