PERMITS ISSUED BY WORK CLASS (09/01/2025 TO 09/30/2025)

Description: This project involves the modification of an existing office space for use as a vocational training/enrichment center. The scope of work includes the following:

Office Area Renovation: The front office area will undergo aesthetic upgrades only. All existing walls and structural components will remain in place. Painting and installation of new carpet throughout the renovated office areas. Installation of additional electrical outlets to accommodate televisions and office equipment. The partition wall in the kitchen area will be removed to create an open layout; note that this wall does not continue above the existing drop ceiling.

Break Area Upgrades: Installation of new appliances. Cabinetry upgrades and the addition of a new kitchen island. Construction of new ADA-compliant counterspace.

Conversion of Data Closet: The existing data closet located within the kitchen area will be repurposed as a laundry/wash closet.

Restroom Renovation: Existing bathrooms will be renovated to meet current ADA compliance standards.

Warehouse Modifications: Removal of existing temporary office structures within the warehouse space. Construction of a new private storage room using 10' high partition walls. Construction of a personal studio space with 10' high partition walls. All new wall construction within the warehouse will be non-load bearing and will not interfere with existing fire protection system coverage.

No modifications to the existing building structure, egress pathways, or fire-rated assemblies are proposed. Work is primarily limited to interior renovations, with aesthetic and functional improvements.
