Description: Remodel of the primary bathroom and hall bathroom, both located upstairs. In the primary bathroom, we will remove the existing shower, tub, vanity, toilet, floors, and light fixtures. We will relocate the shower to where the existing tub is and remove the original shower altogether. The vanity will be expanded and a second sink will be added. New tile flooring will be installed as well as new light fixtures and fan. In the hall bathroom we will remove the existing tub, vanity, toilet, floors, and light fixtures. The tub will stay in the same spot but will be replaced. We will add a second sink and replace the existing vanity. New tile floors will be installed, as well as new light fixtures and a fan. Downstairs, we will be remodeling the kitchen and laundry room. In the laundry room, we will be putting in new cabinets as well as a new sink and faucet. In the kitchen, installing new cabinets, tile flooring, as well as a new sink and faucet. All appliances in the kitchen will be detached and reset.
