**Description:** Full remodel of the existing master bathroom. The project includes removing the existing built-in jetted tub and tiled tub deck, converting that area to a new freestanding tub, revising the shower and toilet layout so the toilet area can be enclosed with a standard swing door, and creating a new open walk-in shower layout with fixed glass. The new shower will include updated waterproofing, tile, a shower niche, a shower bench, new shower fixtures, and a free-entry layout without a glass door. The remodel also includes new large-format floor tile throughout the bathroom, relocation and reinstallation of the existing toilet in the revised toilet room location, replacement of the vanity base while attempting to reuse the existing countertop, updated trim/baseboard, drywall repairs, new paint, a new bathroom exhaust fan, and two new recessed can lights.

<b>Description:</b> Scope of Work: Remove existing kitchen cabinets and finishes as required. Demolish the existing soffit. Electrical and mechanical lines within the soffit will be adjusted and properly rerouted as necessary to accommodate full-height cabinets, in accordance with applicable codes. The existing electrical line serving the range will be canceled and the a gas pipe will be installed to accommodate a new gas range instead of the existing electrical. The work will be done in compliance with applicable codes. Install new ductwork for the kitchen exhaust hood and install a new hood. The kitchen exhaust hood will comply with applicable code requirements. The internal blower will be set to a maximum of 390 CFM; therefore, additional make-up air will not be required. Construct a new kitchen island. At the kitchen island, one (1) GFCI-protected receptacle and one (1) standard receptacle will be installed in compliance with code requirements. Dedicated electrical circuits will be provided for the microwave, garbage disposal, and dishwasher. Install new recessed (can) lighting fixtures throughout the kitchen area in compliance with applicable electrical codes. Replace two (2) pendant light fixtures above the kitchen island.
