

Background

The City of Naperville invited residents to share their thoughts on overnight on-street parking. Overnight on-street parking has been restricted (from 2 a.m. – 5 a.m.) in Naperville since at least 1948. City Council directed staff to gather additional resident feedback on this topic.

Methodology

This was a self-administered online survey. The survey was open to anyone and respondents chose to participate. The results are not statistically significant and may not represent all residents.

Responses

2,512

Fielding dates

Aug. 3 – Sept. 18, 2026

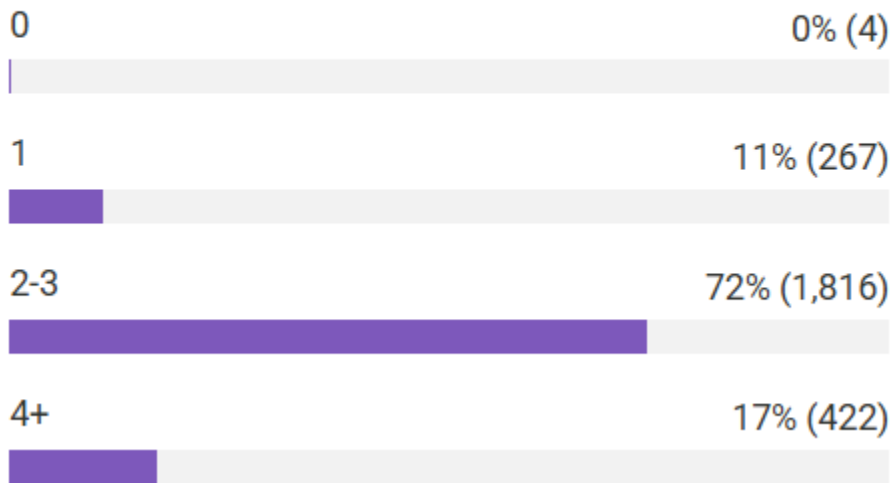

Notes

Respondents could skip questions, so totals vary by question. Percentages may not total 100% due to rounding.

What's next?

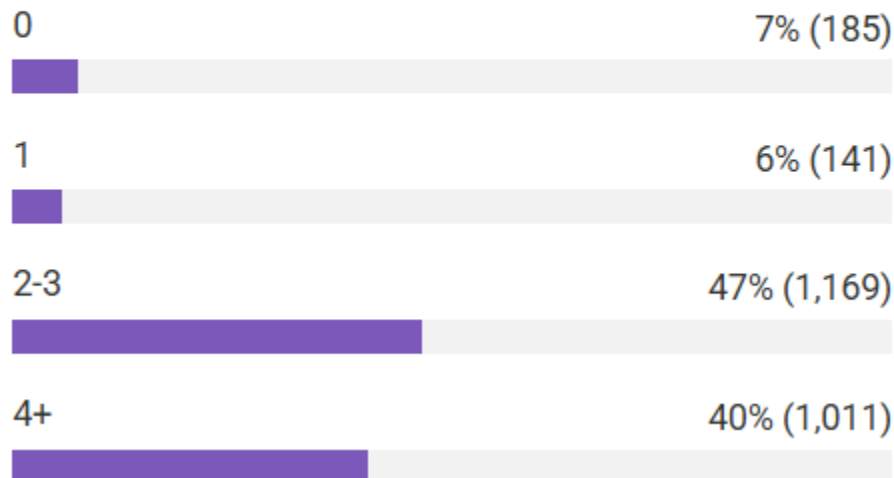

Results will be presented to the Transportation Advisory Board at a date to be determined.

1. How many vehicles does your household have?

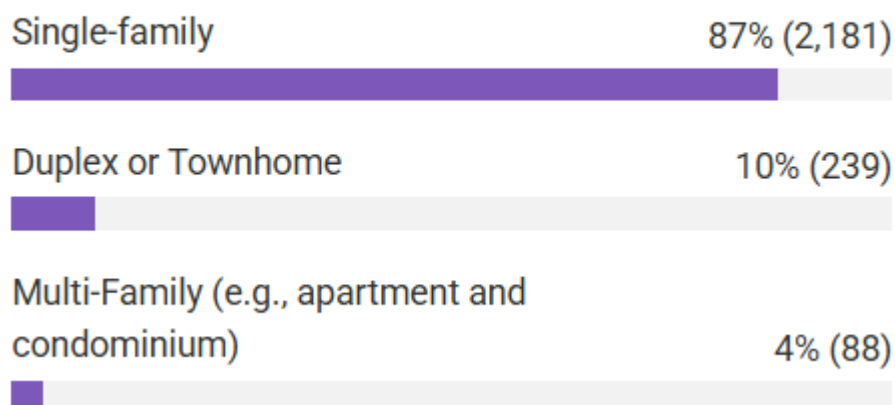

Takeaways: Most respondents (72%) have two to three vehicles. Another 17% have four or more, 11% have one, and fewer than 1% (4 respondents) have none.

2. How many off-street parking spaces does your household have? (including garage)

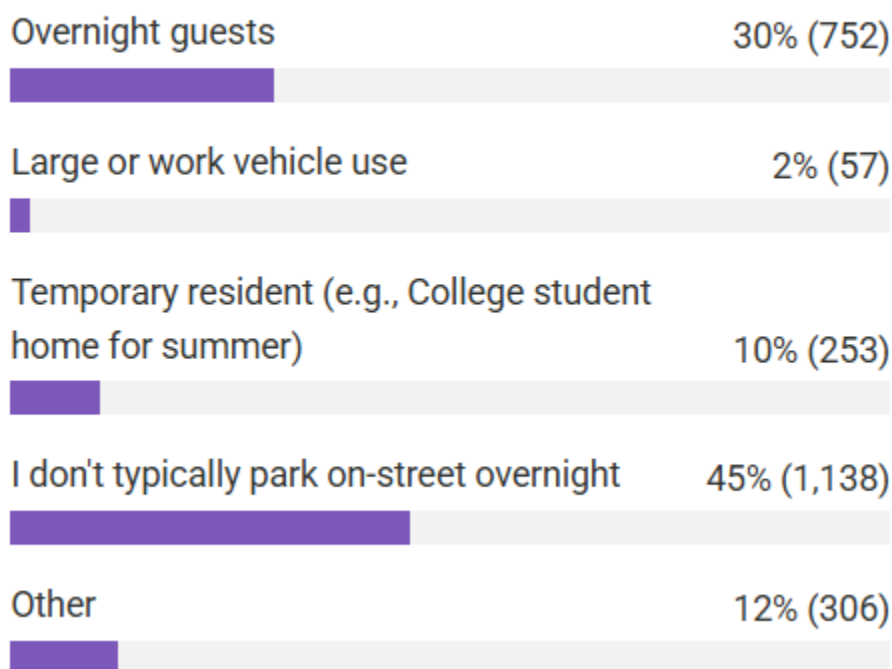

Takeaways: Nearly half of respondents (47%) have two to three off-street parking spaces, and 40% have four or more. Six percent have one space, and 7% (185) reported having none.

3. What type of household do you live in?

Takeaways: Most respondents (87%) live in single-family homes. Ten percent live in a duplex or townhome, and 4% (88) live in multi-family housing, such as an apartment or condominium.

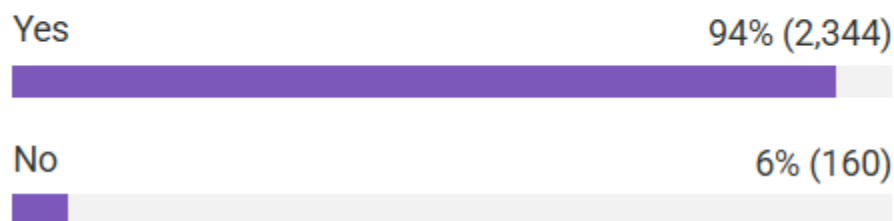

4. Why do you typically need on-street parking?

Takeaways: The most common response was that respondents don't typically park on the street overnight (45%). Overnight guests (30%) were the most selected reason for needing on-street parking. Temporary residents, such as college students home for the summer, accounted for 10%, and large or work vehicles for 2%. Twelve percent selected "Other." The most frequent "Other" responses were having more vehicles than off-street space, moving

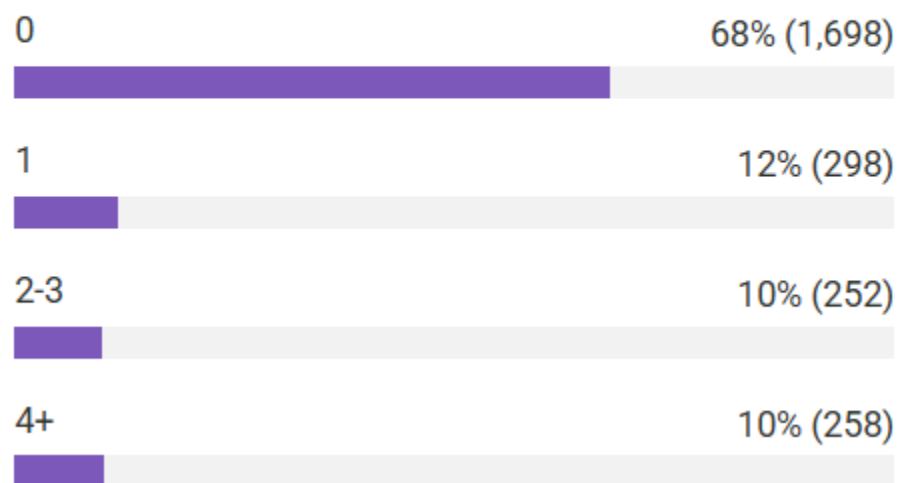

cars around for different schedules, and driveway maintenance such as sealcoating. Respondents could select only one answer.

5. Are you aware of the City's on-street overnight parking restriction from 2 a.m. – 5 a.m.?

Takeaways: Ninety-four percent of respondents are aware of the restriction, and 6% (160) are not.

6. How many times a month do you park on the street between the hours of 2 a.m. - 5 a.m.?

Takeaways: Most respondents (68%) do not park on the street between 2 a.m. and 5 a.m. Twelve percent park on the street once a month, 10% two to three times a month, and 10% four or more times a month.

7. Do you utilize the Temporary Overnight Parking Permission? (Motorists can request temporary overnight parking permission but are limited to three requests per vehicle per month)

Yes 37% (916)

No 63% (1,587)

Takeaways: Thirty-seven percent of respondents (916) have used the Temporary Overnight Parking Permission, and 63% have not.

8. Have you received an overnight parking citation?

Yes 25% (635)

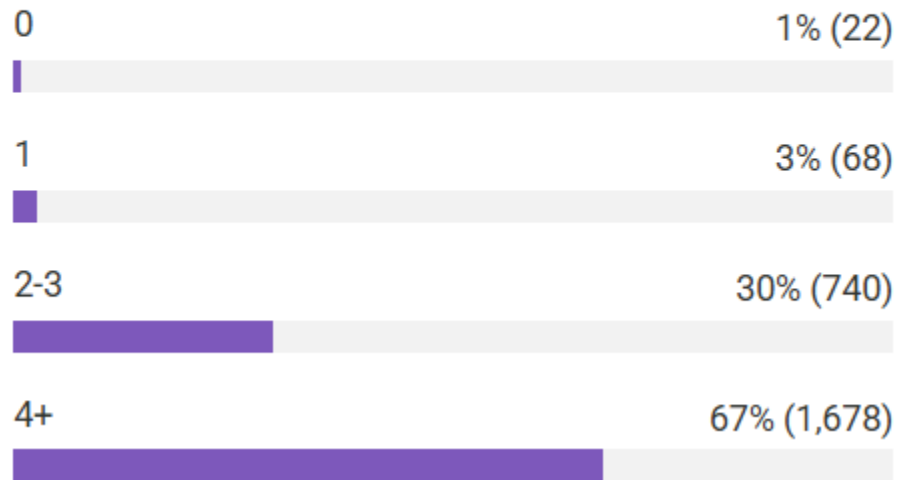

No 75% (1,872)

Takeaways: Twenty-five percent of respondents (635) have received an overnight parking citation, and 75% have not.

9. How many vehicles could your garage and driveway hold combined if used only for parking?

Takeaways: Sixty-seven percent of respondents said their garage and driveway could hold four or more vehicles if used only for parking. Thirty percent said two to three vehicles, 3% said one, and 1% said none.

10. Is there anything else you'd like to share about overnight parking in your neighborhood?

Takeaways: Approximately 1,700 respondents left a comment. Common topics included driveway and garage space, enforcement and citations, guests, snow removal and safety. Comments included views both supporting and opposing the current restriction.
