

## July 2025 – Preventing Vehicle Burglaries and Thefts

Burglary to motor vehicles is one of the most commonly occurring crimes in Naperville. It's the unlawful entry into a vehicle to commit a theft. In many cases, burglary to motor vehicle is a crime of opportunity and occurs when thieves have easy access to your vehicle and the valuables left inside.

Last year, 77% of motor vehicle burglaries were unlocked vehicles, emphasizing that criminals will often move from car to car, pulling on door handles until they find one that's unlocked to rummage through.

That makes locking your vehicle our number one prevention tip!

Here are a few more tips:

### DO ...

- ... lock your doors.
- ... close windows and sunroofs.
- ... park in well-lit areas.
- ... take your valuables with you or, if you intend on leaving them in your vehicle, place them out of sight before you get to your destination.
- ... unload your valuables immediately when you return home.

### DON'T ...

- ... leave vehicles unattended with the doors unlocked or windows down.
- ... leave the keys in the vehicle, even in your garage or driveway.
- ... leave your purse, wallet, or cellphone in your vehicle.
- ... leave other valuables out in plain view.
- ... hide possessions under the seats; that's the first place burglars check for stored items.
- ... cover items left on the seat or floorboard of your car; blankets and clothing present a clue to thieves that items may be hidden underneath.
- ... leave any important documents that contain your personal information in your car.
- ... hide a spare key on your car; thieves know where to look.
