FROM: Dick Dublinski, Director of Public Works

SUBJECT: Water Tower West Demolition - Status

BACKGROUND:

On June 18, City Council awarded the bid to demolish and dispose of the former Department of Public Works (DPW) facility located at 414 E. 5th Avenue to McDonagh Demolition.

DISCUSSION:

During the third week of demolition, McDonagh Demolition completed demolition of all but the north and west exterior walls. Crews are continuing efforts in separating, loading and trucking these materials off site.

In the upcoming week, McDonagh will be saw cutting a portion of the north exterior wall which will act as a retaining wall necessary to preserve the parkway along 5th Avenue. Additionally, City staff will begin working on the paving and striping plans for the proposed parking area.

The picture below of the eastern most section of the lot was taken on Wednesday, July 31st.
