

Naperville Renewable Energy Program

Create a Better Tomorrow

Now you can make the world a better place for future generations. By donating as little as \$5 per month to the Naperville Renewable Energy Program, you are supporting renewable energy and local programs that help create a greener future for Naperville.

The Naperville Electric Utility supports the following energy goals:

- Advance renewable energy
- Develop programs that support clean energy
- Engage the community in clean energy practices

The Naperville Renewable Energy Program has supported clean energy for more than 15 years.

For more information, visit www.naperville.il.us/renewable.

How It Works

This additional charge to your monthly electric utility bill supports:

- The purchase of Renewable Energy Credits.
- Renewable energy grant programs for solar installations, energy-efficiency projects and electric vehicles charging stations.
- Educating the community about clean energy options.

To participate in the Naperville Renewable Energy Program, fill out the form below and either mail it, drop it off in person at the City's Finance Department, 400 S. Eagle St., or fax it to (630) 305-6226.
