These documents MUST be submitted after the project is completed:

1. Include this customer-signed application certifying that your energy-efficient project was purchased and installed or serviced, on or after January 1, 2022.
2. For FURNACE BLOWER MOTOR REPLACEMENT, include Dated, Itemized installer PAID invoice showing your furnace blower motor type and replacement costs.
3. For AIR CONDITIONING TUNE UP, include Dated, Itemized installer PAID invoice showing your AC Tune Up costs. The \$25 AC Tune Up rebate is available to each customer once each 3-year period.
4. Include a copy of dated, marked paid invoice itemizing equipment components / work at the project location.
5. Applicants must agree to be contributors to the Renewable Energy Program that funds this award for a minimum of two years (a minimum of \$5 per month), to be eligible for the grant. A utility bill showing this contribution must be submitted for the application to be complete. More information on how to sign up for the program are at:
<https://www.naperville.il.us/services/electric-utility/powering-our-community-for-the-future/renewable-energy-program/>
6. Prior purchases/service are not eligible for the rebate.
7. Rebates are limited to 50% off the project cost (material and installation/labor) up to \$100 for the furnace blower motor replacement rebate program, and up to \$25 once each 3-year period for the AC Tune Up service. Programs end when all funding is expended, or at the discretion of Naperville Electric Utility.
8. All rebates above will be issued as a credit to the electric utility bill of the customer at the service location where the work was performed.

Please send this completed application and the invoices/receipts to MELANIE MAZURSKI at mazurskim@naperville.il.us.

Please attach supporting documents as .PDF files and send as 1 email.
